**ED BUCZESKIE, EVENT MANAGER**

**ACC'S MOPAR MUSCLE**

**W**elcome to the 22nd edition of the Carlisle Chrysler Nationals! As always, this is YOUR show, and I'm honored to have the opportunity to present it to you for my sixth year. Last year in this column, I told you of my connection to Mopars since birth; coming home from the hospital in my parents' 1966 Charger. The year before that, I included a picture of me with my high school ride from the '80s (a Sublime Dart) and my present-day toy, a '67 Belvedere with major suspension upgrades.

The point is that this hobby is always changing and I've tried to follow those changes since the beginning. In my opinion, there is no wrong aspect of the Mopar hobby, but it seems to cycle between stock and modified. Right now the trend is toward modified cars that were built to drive, but O.E. restorations are still very popular, too. With money being in short supply compared with five years ago, more owners are finding it impractical to own a car that needs to be hauled everywhere.

This is a great hobby with a great variety of options when it comes to building a Mopar, and there is no wrong answer. For those who want to drive their classic and be able to do it safely with today's traffic, there are lots of options when it comes to brakes and suspension — the two main areas that need to be upgraded. Hotchkis Sport Suspension offers one option, and it's just about all bolt-on components, allowing the owner to return it to stock if the mood ever strikes. To experience their products in action, head to the north side of the field and go for a FREE ride in one of their cars!

One thing that hasn't changed in the hobby is the legendary status of Richard Petty. We are honored to have The King at the Chrysler Nationals this year for the first time ever. His appearance is courtesy of the Northeast Hemi Owners Association. He's only here on Sunday from 11 a.m. to 1 p.m., so be sure to make your way to the stage for an autograph!

**I**f you're into all things Chrysler, you've come to the right place. From 'Cudas to Challengers, Polaras to Road Runners, and Power Wagons to Imperials, it's all here.

Mopar or no car, as the saying goes.

American muscle is by definition over the top in both appearance and performance, and Chrysler built some of the most notorious examples around — with some of the most powerful engines ever to come out of Detroit.

Win on Sunday, sell on Monday was never so true as it was for Mopar in the heyday of the muscle car. Those 383-, 440- and Hemi-powered rockets cleaned up in street races across this country, and they command big dollars in the market today.

In recent years, Chrysler has spearheaded the return of the American muscle car into the new car market, and the results have been spectacular. What's not to love about the modern Challenger R/T and SRT8? They offer the same aggressive look as the originals with modern reliability, economy, and top-level performance.

ACC just got into a Dodge of our own. Ours is a 1963 440 2-door post with an Indy Maxx 500-ci all-aluminum Hemi and push-button TorqueFlite auto. Even the GM and Ford guys on our staff can't deny its brute power and cool factor — and even if they did, its 10-second quarter-mile timeslips would shut them down.

If all this resonates with you the same way it does with me, you owe it to yourself to check out American Car Collector magazine. Each issue features in-depth market reports and profiles of Mopars that have recently sold at auction. It's the best way to keep track of the market for cars like yours, or cars like that A12 440 Six-Pack Road Runner you've always wanted and are still trying to find. Check out the special introductory offer card in this directory. And above all, enjoy your time at the Nationals this weekend!

# KIDS' ACTIVITIES & WOMEN'S OASIS

## KIDS' ACTIVITIES

Welcome, young enthusiasts! **THE KIDS' ACTIVITY CENTER AT BUILDING R (on Row IB)** features crafts, games, a playset and a bounce house. It's the perfect pit stop for those who need some down time. Attention, parents, please be advised that the Kids' Activity Center is not a child-care service. Adult supervision is required.

### KIDS' COMPETITIONS

Win prizes and have some fun. **KIDS CAN TEST THEIR SKILLS AND QUALIFY FOR PRIZES** in the Lug Nut Challenge and the Dream Car Poster Contest.

### MAKE A GOURD RACE CAR

Join Meadowbrooke Gourds in creating one-of-a-kind gourd race cars — kids can decorate, design and create their very own on Saturday at 10 a.m., noon or 2 p.m. (pre-registration is required, and materials fee is \$8). **KIDS MAY TAKE THEIR CREATIONS TO THE STAGE ON SUNDAY FOR A CHANCE TO WIN PRIZES!** Learn more about Meadowbrooke Gourds online at [www.MbGourds.com](http://www.MbGourds.com).

### KIDS' CHOICE AWARDS

Kids can vote for their favorite car in Building T. It's their turn to have their say on which car they think is the coolest! Ballots are available at Guest Services, Building R and Building T. The Kids' Choice winner will be announced Sunday during the Awards Parade.

## WOMEN'S OASIS

Ladies, if you're looking to do a little shopping and relaxing, stop by the Women's Oasis (tent beside Building R on Row IB). You'll find products such as jewelry, handmade stained glass and crafts, accessories and handbags, kitchen must-haves, unique clothing and beauty products. You'll have a chance to win a FREE massage, try a beauty makeover and learn how to apply the latest in nail art. Enjoy a frozen drink, a taste of wine and hear the acoustic music of Zachary Herse. **(DEMONSTRATIONS/WORKSHOPS LISTED IN SCHEDULE STARTING ON PAGE 6.)**

### ZACHARY HERSE

We are pleased to welcome Zachary Herse to the Oasis. He is an aspiring actor/musician who blends folk, rock and blues into his musical style.

## 2012 FEATURED VENDORS

Avon, Barefoot Books, Christine Collections, Cutco, Damsel in Defense, Dan Hayward's Art Glass, Eye Candy Accessories, Fanny's Corner, Ice and Elegance Jewelry, Jamberry Nails, JB's Tropical Treats, Longaberger, Scentsy Wickless Candles, Shirley's Country Treasures, Stampin Up, The Family Jewels, The Pampered Chef, Thirty-One Gifts, and Wildtree Herbs.

### ABSOLUTE WELLNESS CENTER

Sit back and relax with a therapeutic massage. Spend \$50 or more in the Oasis, and you could win a FREE 10-minute massage (while supplies last). Sign up in the Oasis to reserve your time slot or to win!

### SANDCASTLE WINERY

We are pleased to welcome back Sandcastle Winery. From Bucks County, PA, Sandcastle will offer tastings of a variety of their unique wines as well as sale of wines by the bottle.

### MAKEOVERS BY MARY KAY COSMETICS AND SKIN CARE

Update or try a new look for only \$10. If you purchase \$20 or more of Mary Kay products, your makeover will be FREE! Sign up Friday at the Mary Kay table for Saturday makeovers.

### SEMINARS AND WORKSHOPS

Spend a little time to cook, create or learn about your favorite vendors. Seating is limited, so sign up early in the Oasis to reserve your space for some fantastic demonstrations and workshops.

### LADIES ONLY BINGO — SATURDAY AT 2:30 P.M.

Enjoy 20 games of FREE bingo and win fantastic prizes like our Beach Basket and more. Approximately two hours, join at any time. Bingo supplies provided, seating limited. (Held in Building R next to the Oasis tent.)

### VENDOR BASKET GIVEAWAY

Everyone who signs in with Zachary at the Oasis has the chance to win a fantastic Vendor Prize Basket. Basket winner will be drawn Sunday at 10 a.m. at the Oasis Tent. Don't forget to sign up!

### SHUTTLE TO DOWNTOWN CARLISLE

Charming, historic Downtown Carlisle awaits you! We love our town and hope that you do, too. Free shuttle on Saturday to the Comfort Suites and back 10 a.m. to 3 p.m. You will be greeted by a host who will provide information about Carlisle's unique shops and restaurants. Shuttle pickup inside Gate 3.

## IF SOMEONE IS LOST

If you become separated from your party and are unable to contact them, **GO TO THE GUEST SERVICES BUILDING** and wait for them. We do not page individuals. Notify us immediately when a child is lost; our security team will get a description and help you find them.

## FIRST AID

Staff is on hand for your first-aid and medical needs. The office is under the north side of the stage.

## LOST & FOUND

To turn a found item in or check for a lost item, visit the security staff under the north side of the stage.

## HAND CART RENTAL

To haul merchandise, stop by Guest Services to use a hand cart or ask about having someone haul it for you to any gate.

# GENERAL HIGHLIGHTS

## FREE THURSDAY KICK-OFF .....

Get your weekend started on Thursday evening with the Kick-Off to Carlisle hosted by Mopar Rebellion and held at CVM Dodge in Mechanicsburg. The Kick-Off features raffles, door prizes, inexpensive food, music, great Mopars and more. It's free for participants and spectators and it's a great opportunity to socialize.

## SPECIAL GUESTS .....

You won't want to miss this year's lineup of special guests and TV stars! Read all about who will be here on **PAGES 14-15**.

## GIVEAWAYS.....

**YOU MUST REGISTER TO WIN.** Register online or at Guest Services. You do not need to be present to win. Read more on **PAGE 16** about the Hemi engine and Apple iPad.

## MANUFACTURERS MIDWAY, SWAP MEET & CAR CORRAL .....

Visit our partners on the Manufacturers Midway, find a vehicle in the Car Corral and shop the Swap Meet. You'll find new product manufacturers, accessories, parts and memorabilia. Vendors are listed by specialty and alphabetically in this directory. Title transfer services are offered at the Notary Office in the Pavilion. Financial services are available through Orrstown Bank, inside Building T.

## INSTALLATIONS.....

While taking in all the excitement, you can upgrade almost every component of your vehicle and have it installed while you enjoy the show!

**A&A AUTO STORES:** If you're looking for the right sound, A&A is on hand to install a new exhaust for your vehicle.

They feature Borla Exhaust Systems, with installations available on site for many models.

## TEST DRIVES, MOPAR & MORE!.....

Take the opportunity to test drive a new Chrysler product while you're here. The Chrysler Group always provides impressive displays for you, the Mopar fans. Check out what they've brought this year on the Midway.

## MOPAR TOP ELIMINATOR .....

Each year, the folks from Mopar select one car from the event to be placed on display in Mopar Alley at the annual SEMA Show in Las Vegas this fall. **TO HAVE YOUR VEHICLE CONSIDERED FOR THIS AWARD YOU MUST VISIT THE MOPAR DISPLAY ON THE MIDWAY FOR AN OFFICIAL ENTRY FORM.**

## VEHICLE DISPLAYS .....

### INVITATIONAL - BUILDING T

Building T is home to an amazing variety of cool Mopars. In tribute to our special guest, Richard Petty, we've included several race cars and "Petty Blue" vehicles, along with a mix of antique, muscle and late models. **Kids, vote for your favorite!** The owner will receive a Kids' Choice award on Sunday.

### MOD TOPS — BUILDING Y

Check out a cool Mod Top display. You can see a great array of eye-catching colors and take a trip down memory lane.

### MOPAR SURVIVORS — ROW IB

Survivors are true time capsules that show how they looked right off the assembly line. They have their original factory-applied paint, interiors and drivetrains, or at least a minimum of 85% of it. **SEE PAGE 22.**

### RETRO DEALERSHIP — BUILDING G

Turn your clocks back to 1972 when you visit the Retro Dealership in Building G (outside Gate 1). See everything from 340 small-block engines to 440 big blocks, as well as some memorabilia from the "good 'ole days." **SEE PAGE 20.**

### VIPER 20-YEAR REUNION — SHOWFIELD

See more than 200 "snakes" on the show field, and as of press time, we are hoping you'll find a 2013 model!

### BARN FINDS & TIME BANDITS — SHOWFIELD

Cars that are solid but not nice enough to be considered a Survivor have earned a place on the show field in the Barn Finds & Time Bandits classes after the popularity of the Barn Finds display in 2010.

And, check this out: **Hotchkis will choose one lucky owner of a 2008+ Challenger to receive a TVS system.**

## CLUB CHALLENGE .....

Clubs are a very important part of the event. Each year, clubs compete to see which has the most vehicles in attendance, and awards are presented to the top three. There is also an award presented to the club with the coolest hangout. See who won last year on **PAGE 15**.

## YOUNG GUNS — FUTURE OF THE HOBBY .....

The younger generation is the future of the Mopar hobby and we want to make sure they have a home

at the Chrysler Nationals. If you haven't checked out the Young Guns classes yet, you might be surprised to see that what they are doing isn't a whole lot different than what we "old-timers" are used to. Young Guns classes are open to licensed drivers ages 16-25.

## DAISY DUKES CONTEST .....

There are so many things that folks remember about the *Dukes of Hazzard* including the characters, the stunts and the cars. When it comes to the characters just about everybody remembers the shorts that Daisy Duke wore. In fact, they are so popular they took on her name. In honor of Catherine Bach's appearance at the show this year, we are hosting our first-ever **Daisy Dukes Contest**. Grab your best pair of Daisy Dukes, maybe a tied-off plaid shirt and be at the Stage on Friday at 3 p.m. to see if you can win the title and some cash. If you roll up to the stage in a yellow '73 Road Runner you'll probably earn bonus points!

Professional photography is available at the parade and available onsite for purchase.

## LIVE MUSIC: THE VOLUNTEERS OF THE U.S. ARMY FIELD BAND.....

The Volunteers is the United States Army's six-piece premier touring rock band. Since 1981, this talented group has performed in all 50 states, Puerto Rico, Central America and Europe. The band performs rock, country, pop and other current styles of music. People nationwide are captivated by their fast-paced, high-energy shows. One young woman commented, "I love the music they sang, and the fact that they are in the Army — they rock!" The mission of The United States Army Field Band is to "carry into the grassroots of our country the story of our magnificent Army." In performances across the globe, the members of the Volunteers take great pride in reflecting the excellence of all our nation's soldiers. **ON STAGE SUNDAY AT 10 A.M.**

## PETS .....

Pets are strongly discouraged for health and safety reasons. If you cannot make other arrangements for boarding, your pet must be on a leash and policing after it is required. Your pet must be under your control at all times, and you are fully responsible for its actions. Any offensive or unsafe action by your pet may result in expulsion without refund.

## SCOOTER RENTAL .....

Disabled guests are welcome to enter with their own wheelchairs and three- or four-wheeled electric convenience vehicles (ECV). Disabled individuals with appropriate creden-

tials may rent an electric convenience vehicle or wheelchair from our authorized vendor located inside Gate 3. ECV rentals are limited, and disabled individuals are encouraged to arrive early to ensure availability of a rental unit. Operators of ECVs are required to possess appropriate credentials while on grounds. Exceptions to this policy will be considered on a case-by-case basis.

## TRANSPORTATION .....

For safety reasons, the use of all personal means of transportation (bikes, scooters, golf carts, ATVs, motorcycles or minibikes, etc.) is forbidden on the

Fairgrounds from 7 a.m. to 5 p.m. on all show days. No unlicensed drivers may operate these vehicles at any time. Verification of insurance is required.

## CONDITIONS .....

Dangerous conditions can exist on the Fairgrounds. Due to exposure to the weather, areas may become slippery or soft. Due to the nature of the goods displayed, heavy and sometimes dangerous equipment and moving vehicles are frequently present. Carlisle Productions cannot be responsible for the conduct of vendors and patrons entering these premises. Those who enter the Fairgrounds do so at their own risk.

# With You Every Mile.

The Mopar® name has long been emblazoned on race cars greeted by checkered flags, on boxes left over from a weekend of wrenching, and on shirts belonging to the master technicians of all Chrysler vehicles. Its rich history is born not just of parts, but of life-long connections made at those tracks, garages and service bays. Mopar is with you the moment you get your new keys and for every mile thereafter. Mopar Accessories help personalize your ride. On the long road ahead, Mopar assures you with expert maintenance, made-for-your-model parts and Vehicle Protection plans. # MOPAR TOP ELIMINATOR

## MOPAR 'TOP ELIMINATOR' TO BE CHOSEN.....

It's back. For the sixth consecutive year, the Mopar® "Top Eliminator" program will recognize the "best of the best" — the most skilled Mopar enthusiasts and their restyled, customized and accessorized Chrysler Group LLC vehicles. Beginning this year, **OWNERS WHO WISH TO HAVE THEIR CARS CONSIDERED FOR THE "TOP ELIMINATOR" MUST SUBMIT AN ENTRY FORM TO THE MOPAR DISPLAY AT THE EVENT. Forms are available at the Mopar display.**

The long-running program shines a light on passionate and dedicated Mopar enthusiasts who display unmatched skill in modifying or preserving a classic or modern-day Mopar vehicle. As in previous years, 2012 Mopar "Top Eliminator" winners will be honored by having their vehicles showcased in the Mopar display at the Specialty Equipment Market Association (SEMA)

show in Las Vegas, Oct. 30–Nov. 2, 2012.

Bob Villiger of Mountain Home, AR, was named the Mopar "Top Eliminator" winner at the 2011 Carlisle Chrysler Nationals for his 1969 Dodge Coronet (pictured above). Villiger restored his Coronet in his own shop using numerous Mopar Performance parts.

"We are proud to ring in the sixth year of the Mopar 'Top Eliminator' program, which recognizes elite Mopar enthusiasts and their amazing rides," said Pietro Gorlier, President and CEO of Mopar, Chrysler Group LLC's service, parts and customer-care brand. "The program has grown in popularity each year and has helped spotlight passionate Mopar brand ambassadors. We look forward to once again having the Mopar 'Top Eliminator' winners join us in the Mopar display at SEMA."

## RICHARD PETTY

PRESENTED BY THE  
NORTHEAST HEMI OWNERS ASSOCIATION

### Meet this NASCAR Legend and seven-time Winston Cup Champion!

Due to the Daytona NASCAR race on Saturday night of the Carlisle Chrysler Nationals, Petty is only able to appear on Sunday and is scheduled to sign autographs from 11 a.m. to 1 p.m. An autograph and/or photo opportunity will be free with a paid admission to the event, but due to anticipated high demand, a limited number will be possible. Carlisle Events and representatives from Petty's Garage will assure that as many people as possible can meet "The King."

The concept of television has existed for well over 100 years in one form or another. What has remained constant through the years is that a hit TV program can do more to carry on the legend of its stars, cars and characters than anyone could have ever imagined. A prime example of a TV program far outliving its expectations is *Dukes of Hazzard*.

It's because of the demand, popularity and loveable nature of the show that the automotive world and mainstream society embrace stars from *Dukes* at events like the Carlisle Chrysler Nationals. That is why this weekend's guests, Ben Jones and Catherine Bach, join previous guests James Best (Sheriff Roscoe P. Coltrane), John Schneider (Bo Duke), Byron Cherry (Coy Duke) and the late Christopher Mayer (Vance Duke).

The drawing power for the *Dukes* is such that in 2011, during a year littered with poor weather at all 10 Carlisle-based shows, John Schneider's visit saw the biggest one-day attendance spike in the history of the event. So why do the *Dukes* keep coming to Carlisle and why do people keep coming to see them?

"Sometimes the phenomenon amazes us," noted Dorothy Best, wife of James Best. With both being here in 2010, she continued, "I was told we'd see a big turnout at Carlisle but we were truly surprised at everyone that showed up." Best concluded by noting, "I don't know if there is a definitive answer as to why the show has been so successful over time, but it and fans like those at Carlisle a few years ago have been very good to us."

From a Carlisle standpoint, event manager Ed Buczieskie has been responsible for booking five of the six *Dukes* stars. He continues to do so for a myriad of reasons, outlined in a recent conversation:

Michael Garland – *Why do you book Dukes' stars?*

EB – Like many Mopar fans I literally grew up on the *Dukes*. Watching that Charger every Friday night was partly responsible for my passion for Mopars. It brought the Charger into the public's eye and it has stood the test of time.

MG – *What do you think is the draw?*

EB – A whole generation was raised on the *Dukes*. It's not just Mopar people who like it, either. The show crosses brands and is enjoyed by many non-car enthusiasts as well. It was a wholesome show and it was just fun to watch ... and still is today.

MG – *How do you go about landing the guests?*

EB – Believe it or not, every *Dukes* cast member at the show in the last five years was presented to me in some fashion; either by an agent, mutual friend or directly. The *Dukes of Hazzard* celebrities are always popular at the show and as the word spreads among the cast, each of them eventually find themselves here.

MG – *What are your thoughts for next year?*

EB – Ideas range from Tom Wopat to "The Hazzard County Cops" to a full *Dukes* Reunion with all of the remaining cast members. It's all a matter of budget and not wanting to cause *Dukes* overload for our guests.

### CATHERINE BACH.....

Catherine Bach is famously known for her role on the long running CBS program the *Dukes of Hazzard*, due in part to her eye catching looks, country girl charm and namesake Daisy Duke Shorts. Bach has appeared in multiple films and TV programs, beginning with 1974's *The Midnight Man* alongside Hollywood icon Burt Lancaster. Other credits include *The Love Boat*, *Cannon Ball Run II*, *African Skies* and most recently *Chapman*. Bach has also lent her name to a clothing line, CB by Catherine Bach. Apparel includes jeans, skirts, shirts and the famed Daisy Dukes.

### BEN JONES.....

Ben Jones appeared in 142 episodes over the course of the run of *Dukes* as Cooter Davenport – Hazzard County mechanic and friend of the Duke family. Jones' acting career has spanned five decades, but took a political detour following the end of his run on

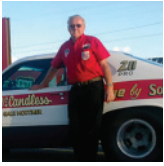

the *Dukes of Hazzard*. From 1989-93 Jones served as a member of the U.S. House of Representatives from Georgia's 4th District. Most recently, Jones appeared in an episode of the TV show *Surface*. Jones is also the founder of the original Duke Fest and is a musician, having appeared on the stage of the famed Grand Ole Opry.

## THE RAMCHARGERS

2012 is another big year for The RAMCHARGERS as they are not only our special guests this weekend but they are also being inducted into the inaugural Mopar Collector's Guide Mopar Hall of Fame. Members of The RAMCHARGERS will make appearances in the MOPAR and Mancini Racing booths on the Midway this weekend. You can also sit in on a panel discussion with original members of the RAMCHARGERS (see Schedule for details). RAMCHARGERS members scheduled to appear include: Tom Hoover, Tom Coddington, Mike Buckel, Al Adam, John Wehrly, Dave Rockwell, Barns Danials, Pete McNicholl, Dick Skoglund and Troy Simonsen.

## HERB MCCANDLESS

Known as Mr. Mopar or Mr. 4-speed, Herb McCandless has been a drag racing legend and automotive performance wizard for over 40 years. Elected to the NHRA Southeast Division Hall of Fame in 1988, McCandless won the U.S. Nationals in 1970 driving the No. 24 Sox and Martin Pro Stock car. McCandless also gained notoriety for his strip work in his Pro Stock Cuda. McCandless became involved in Chrysler's race program in 1965 and raced Hemi cars from 1965-1974. In 1974, he started McCandless Performance, one of the largest Chrysler Direct Connection and Mopar Performance dealers. A Hemi hero of drag racing, McCandless won championships in Darts, Dusters and Barracudas.

## LOU SANTIAGO

Lou is the host of Velocity's *Car Fix* where he and his co-host modify vehicles with high-end performance and aftermarket parts. Lou was previously the host of Discovery's *Ultimate Car Build Off* and Spike TV's *Muscle Car*. His time spent on *Muscle Car* only proved to the world that his love for his art was limitless. Now, Lou has a new home and it is called *GarageInsiderTV.com*. He will be building some really cool stuff and showing the masses once again that you too can be a car builder extraordinaire.

## DAVID SNYDER

Celebrated automotive artist David Snyder is in Building T with a display of his automotive art featuring vehicles produced by Chrysler. Stop by and see first-hand his artistic ability as he is working on new paintings throughout the weekend. Snyder is also available to personalize his new book *The Automotive Art of David Snyder*.

## BILL STILES

Bill Stiles is known not only as one of the pioneer drivers of Super Stock and Pro Stock racing but also as an expert performance and racing mechanic. As a driver, Stiles is most widely known for racing one of the original factory SS/BA Hemi-

powered Plymouth Barracudas. As a mechanic, Stiles geared Jere Stahl and Dave Strickler to many victories on the quarter mile. For the '70 season, Bill moved to Pro Stock with a Duster that he ran until 1973. Today, he is known as an expert in preparing magneto ignition systems for racing applications out of his shop Stiles Performance in York, PA. Bill Stiles is here with the Barracuda all weekend in the Mopar Booth on the Midway to meet with fans and to talk racing and Mopars.

## DAN WOODS

Dan Woods is best known in the automotive world as the host of Speed Channel's *Chop Cut Rebuild* and *Street Tuner Challenge*. Before he began hosting car programs on *Speed*, he became famous world-wide for his role as Mr. Raditch on the Emmy Award winning *Degrassi* television series. Dan will be here this weekend making appearances in the Legendary Auto Interiors booth in spaces N52-67. See schedule for times.

## SAM AUXIER, JR.

We are pleased to have Sam Auxier, Jr. – known for “interviewing the greatest names in racing” – join us again. Sam plans to broadcast Thursday, Friday and Saturday from Building T. Sam is a 2000 Super Car Hall of Famer and a 2002 inductee to the Drag Times Hall of Fame. Come out and meet this drag racing legend.

## RICH NEDBAL

Richard was the founder of Mopar Engines West and now runs FAST Man EFI. He has published numerous articles in Mopar publications and written a successful book about how to build high performance Gen 2 HEMIs. In the USAF Richard was an electronics instructor. In 1970 he landed a job doing EFI research at Carnegie Mellon Institute. He was part of a team, designing one of the first microprocessor based sequential EFI systems. After the EFI research ended in 1976, Richard moved to California's Silicon Valley where he became an engineering manager for a semiconductor company, all while building Hemi-

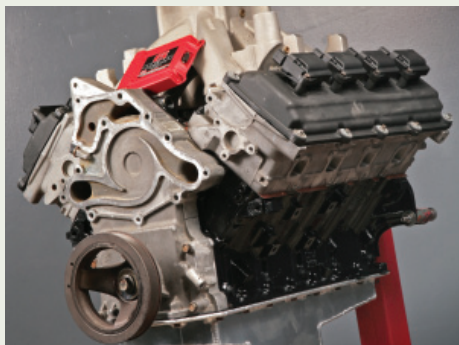

in his spare time and getting ready to reenter the drag racing scene. After designing semiconductors and running two software companies, Richard was lucky enough to be able to retire at age 55 and spend more time in the shop, where he founded Mopar Engines West. At MEW Rich was building all variations of Mopar engines from Slant-6s to all out blown Hemis. After selling MEW, Richard started another business called Fast Man EFI, where he sells, trains and supports the EFI market. In 2010 Richard wrote the book, “How to Build Max-Performance HEMI Engines”.

# IN LOVING MEMORY

## ELIJAH STANLEY ABEL AULT

JULY 4, 1981 - OCTOBER 6, 2011

It was just two years ago that I had even heard Eli's name for the first time but his story struck a chord with me. During the 2010 Chrysler Nationals we were trying to make it a weekend to remember for John Kozak who had just lost his girlfriend to cancer and now he was battling the disease himself. Through John I learned about Eli and his struggles with cancer since childhood. I also learned that Eli was from Connecticut so I reached out to the one person I knew who lived in the same state and would be more than willing to help. That person was Ralph Barbagallo.

Together a plan was quickly hatched to get our hands on Eli's 1966 Dart convertible and do our own version of the TV show *Overhaulin'*. We rallied members of Mopars in Motion and Mopar Rebellion but we still needed a place to do the work. I immediately thought of the two people in

New England with the biggest hearts in the hobby and by sheer luck they also happen to have one of the best-equipped shops and skills of any hobbyists I know. Within less than 30 minutes after I sent an email I got a call back from Gary Beineke saying that he had talked to his wife, Pam, and they only had one question; how soon can you get the car to us?

From there it was on. Calls were made for donations and parts. Within days we literally had parts coming to us from all across the country. Nobody asked, "What's in it for me?" Instead, we typically were asked, "What do you need?" We weren't dealing with an unlimited budget and as parts were arriving we knew we had a deadline. The car was delivered to the Beinekes on July 25 and the goal was to have the car done by September 19 so the car could be presented to Eli at a Mopar show at Artioli Dodge in CT.

While there was no TV drama and the deadline was a self-imposed goal, we were racing against the clock because nobody knew just how much time Eli had left and we all wanted him to have as much time as possible to enjoy the car. Lots of people worked on the car in one capacity or another but Gary and Pam put their projects on hold and did the lion's share of the work... all without a single complaint. Like I said, there was no TV drama.

Parts were still arriving and work was still being done right up until the day before the reveal. On Sun-

day, September 19, Eli's Dart Charger was sitting in the showroom of Artioli Dodge under a cover with pillows strategically placed to disguise the final shape. A few hours before the cover was pulled off I finally met Eli for the first time. He was very open about his condition and after that first meeting I felt like I had known him for years.

As soon as the cover was pulled from the fresh Dart Charger, Eli hopped in and drove out of the showroom. His smile more than made up for his lack of words. The entire crowd was choked up and just watched as Eli hit the open road for the first time. He returned a short time later, still grinning from ear to ear. The emotions

flooded back in as Eli went around giving hugs to everyone involved with the project.

Fast forward to the 2011 Chrysler Nationals where Eli's Dart was featured in

Building T and Eli himself was treated like a celebrity all weekend. Always thinking of others first, when he became exhausted each day he would actually call me to ask if it was okay for him to go back to his hotel and get some rest. By Sunday he was visibly exhausted but he still wanted to help load his car on the trailer and help his friends load theirs for the trip home.

Sadly, that was the last time I got to see Eli. We kept in touch through phone calls, email and Facebook. On the morning of October 6 my cell phone rang and the call was coming from Ralph. I instantly knew why he was calling. I briefly thought about letting it go to voicemail but I was so sure of the reason for his call that it was pointless.

I think part of the reason why I debated about answering that call was because I was headed to Ocean City, MD for their Endless Summer car show and didn't want to ruin my weekend with the bad news. As soon as I arrive in Ocean City I unloaded my Belvedere and began to cruise the beach knowing that's exactly what Eli would've wanted to do.

I look at everything a little differently these days thanks to Eli. He was definitely a fighter and I never heard him complain about his situation nor bring anyone else down because of it. I want to give my sincerest gratitude to everyone who was involved with Eli's Dart Charger. We miss you, buddy. The show won't be the same without you.

Every car enthusiast thinks his or her favorite brand of car is the best, fastest, rarest, most valuable, etc. All of that is debatable and will likely never be resolved. However, when it comes to wild graphics and colors most folks agree that Chrysler vehicles win that battle hands down! With colors like Plum Crazy, Panther Pink, Curious Yellow, Sublime and Lemon Twist as well as graphics like the '71 'Cuda billboard, AAR strobe stripe and 340 Wedge decals, the other brands can just throw in the towel now.

As wild as all of those were, the floral interiors and tops, better known as Mod Tops, were probably the pinnacle in excess — even for Chrysler Corporation. Even in the psychedelic era of '69 and '70, these patterns proved to be too much, and as a result, Mod Top cars are very rare today. Even though they were avail-

able on everything from six-cylinder A-Bodies to the Hemi 'Cuda owned by Steven Juliano, very few were bought back in the day and even fewer still exist.

This display of factory Mod Top cars ranges from a totally unrestored '69 Barracuda that was literally dragged out of the woods to a well-preserved Survivor and several beautifully restored examples. We are also pleased to have at least one of each body style (A, B & E) on display this weekend.

This gathering was made possible by the efforts of Julie Moore and Dave Goodwin of the Mod Top Registry. For more information on Mod Top Mopars, please visit <http://www.moorestmopars.com/modregistry.html>. To see these cars in person, be sure to stop by Building Y for one of the most unusual exhibits we've ever featured at the Chrysler Nationals!

The best reference for restoring a car is to look at ones that are still the way they came off of the assembly lines. Stop by the Mopar Survivors tent and take lots of reference photos for your restoration project and enhance your knowledge. Even if you aren't restoring a Mopar, you owe it to yourself to see these historic treasures. They still have their original factory-applied paint, interiors and drivetrains, or at least a minimum of 85% of them. Carlisle Events thanks Mel Major and all of the car owners for bringing us the biggest and best Mopar Survivor display in the world. We all know that Chrysler kept performance alive a lot longer than the other manufacturers by continuing the full line of performance offerings through 1971. Although horsepower ratings and compression were down a little, you could still buy everything from the 340 to the 440+6.

This year we are pleased to present some of the rarest and coolest Mopars made in '72. Not many people restore 318 cars, but Beeney Motors has what are arguably the nicest '72 Scamp and Satellite Sebring Plus on the planet. How about not one, but two '72 Chargers with a 440, 4-speed and a Dana 60? Oh, and one of them is a factory sunroof car — in black — and it's a Survivor! If stock isn't enough for you, some of the cars have been hopped up a little — you know, for those occasional trips to the track or maybe just to remind the guys on Saturday night that Mopars still rule the street! Maybe you're still not convinced and feel that even the baddest street car is still too tame. To satisfy those performance freaks, Herb McCandless and his '72 Demon will make an appearance this weekend at Beeney Motors! Thanks to the car owners (listed here) and the efforts of Art Reisinger and Dan Walmer of Art's Toys & Hobbies, along with Dennis Kohr of Kohr's Kustoms, we are pleased to bring you the 1972 Retro Dealership, known as Beeney Motors.

**N**ASCAR racing has certainly changed a lot over the years, but the Petty family has been with the sport since the beginning. In honor of the Petty family and Richard Petty's appearance at this year's Chrysler Nationals, we are featuring a special gathering of Richard Petty race cars, tribute cars, factory "Petty Blue" cars and other NASCAR vehicles. This is your chance to see nearly four decades of Petty Enterprises all in one place, AND you can meet Richard on Sunday at the stage from 11 a.m. to 1 p.m. Don't miss this once-in-a-lifetime opportunity!

# VENDOR FEATURE: HERB'S PARTS

**M**opar Madness has reached unmatched levels both at Carlisle and within the collector car hobby. With this weekend's event, there are a few things you can do that make being a fan of the Mopar brand very easy. Meet celebrities — check; sit in on seminars led by industry professionals — check; be part of a showfield that hosts a few thousand of Detroit's best — check; and shop for parts and accessories to help with either the upkeep or restoration of your prized ride — check!

As the annual event goes, the world's largest all-Mopar swap meet is a popular destination for enthusiasts, and one of its popular vendors is Herb Reynolds of Delaware and the purveyor of Herb's Auto Parts. Herb and his parts have been coming to the Chrysler Nationals since its inception in 1991 and can be found this weekend in Row IA, Spaces 5-13 (same row as the Guest Services building).

There are many great vendors here this weekend and Herb's Parts is one of them, but what brought Herb here in the first place and what keeps him coming back? "I've been at this event since day one and at Carlisle for a few years before that," said Herb from his always-busy office. "Carlisle is well known for all of its shows, not only the size and reach of them all, but the way each of them are so well-presented. What Carlisle does works, and the people that have been coming to Carlisle have been very good to us over the years."

Might it be the parts themselves that draw the interest of those shopping the swap meet at Carlisle? Based on his web site promotion alone, it's clear to see that Herb's Parts are something special. According to [www.herbsparts.com](http://www.herbsparts.com), "Herb's Parts has been in business for more than 30 years, specializing in 1963-1974 Chrysler, Plymouth and Dodge parts and accessories. Our goal is to continually expand the inventory for these cars and develop parts availability for others, along with keeping a large stock of quality parts at affordable prices on hand and shipping on the day the order is placed. We attend to each customer quickly, answering questions and fulfilling restoration needs for your car. Herb's Parts is not just a business, we love cars, just like you do!"

All of that sounds good on paper (or online), but Herb's Parts not only talks the talk, they walk the walk. With a great array of A-, B-, C- and E-Body parts as well as 2006-12 models and even truck accessories, Herb's Parts believes that a great mix of supplies helps keep the people coming.

"Not only do people come see us in droves at Carlisle, we see a lot of Web traffic, too. I always encourage someone who interested in a part to pre-order, but I do advise at least two weeks' notice," Herb said. "In addition, if someone wants to buy on-site from us, they'll see great show specials and, better yet, will save on

shipping costs."

One of the more popular aspects of what Herb's Parts does is their wall of carpet. This weekend, they have 100 sets of carpet and want you to stop by to see what works best for you. Herb continued by saying that, "The Carlisle Chrysler Nationals has become our biggest show, and we believe what makes us successful is not only our wide variety of parts, but our friendly customer service. We always have a smile on our faces. In fact, I want everyone to know that if they order online, there is a great chance that I'm smiling when I review their Web order."

At some point this weekend, whether you're actually buying something, or you simply want to stop by and say hello, be sure to swing by to see Herb!

# A DRIVE IN TO OUR LIFE

*"A Drive In To Our Life" is an essay written by local Big Spring High School student Shannon Hamblin. Her honors English class teacher, Ms. Courtney Moore, shared it with Carlisle Events due to its grassroots automotive theme, and in turn, the staff was so moved that they invited Shannon and her father to attend the event as celebrity guests and gave her a complimentary showfield registration so that she may be able to show her car next year.*

**M**y family is different from most. This is mostly because of my crazy father. Most dads like to play golf or watch football; mine would rather wash and detail one of his classic cars. My dad's hobby — excuse me, obsession — is cars. Actually, it's really anything that has a motor. We have 12 cars (nine of them being classic), three tractors/lawn mowers, one dirt bike, two motorcycles and two four-wheelers. I am sure you are thinking, "Oh, there must be a lot of people in your family." Wrong. It is me, my little brother and my dad. My dad is the only one who can drive in my family! You know your dad is obsessed with cars when every April 13th he reminds you to go wish his '79 Dodge Power Wagon (his first vehicle he bought new) a happy birthday. I refuse. Did I mention that the car I road home from the hospital in when I was born was a 1970 AAR 'Cuda. My mom was awfully scared to put her little baby into something so powerful.

Sometimes I think over and over about how big of a nut my dad is, but I don't know what our family would be like without our cars. Each of the classic cars has a story to go along with it. It might sound like I am complaining about my dad having these cars, but if my dad sold them, I would be very upset. This is not a midlife crisis thing where my dad bought a bunch of cars; he has worked throughout his whole life for them. Ever since he was a kid, he has loved cars. His first car was a 1969 Road Runner that he worked for and paid for all by himself. In high school, he would go to a dead-end street nearby and have burnout competitions with his buddies. My dad claims he always won.

My dad and mom were high school sweethearts. After they got out of school, they went to a junkyard one day and found a 1974 Dart Sport. My dad told my mom he would restore it for her, and my dad knew mom was a keeper when she said, "No you won't, I will help you". My mom and dad spent the next two years restoring the car. It looked like new when they were all done. Unfortunately, this part does not have such a happy ending. In 2005 a guy ran a stop sign and crashed into the driver's side of my mom's car. She was in the very car she and my dad restored. My mom did not recover from the accident. This was a very tragic moment in my family's life.

A few years later, my dad found a 1967 Dart convertible out in California. He bought it. It was not in

the greatest shape, but my dad bought it like that on purpose. His plan was to give me the car, but we could restore it together first, in memory of my mom. I was all for it. We are still restoring it now. It is being sent out to get paint this fall, right before I get my license. I told my dad I was going to do some burnouts in the school parking lot. He laughed. It was funny, because I was not kidding.

Practically my dad's whole life and my whole life, our family gets very excited for one trip we take every year. This is our trip to Carlisle, PA, for the Carlisle All Chrysler Nationals in July. We go every year. Most teenage girls would never step foot in there, but I get so excited every year for it. My favorite part was seeing Miss Carlisle. I got my picture with her every year. I told my mom I will be Miss Carlisle when I am old enough. I am not sure if I will fulfill my childhood dream, but we will see! My dad would bring down one or two of his cars every year, and would always place very well. In 2002, we even had our best show car, our 1972 Dodge Charger in the Invitational Building. It was really cool. In 2003 we also had the Charger along with our 1973 'Cuda in the Show Field. They both placed first.

Our trip to Carlisle was also a time to see very close friends of ours who we only get to see once a year. When we come down, after the show it was so nice just to take the back roads of Carlisle to our hotel. Pennsylvania is beautiful, and my dad and I really like this area. We love it so much, we moved here! We moved to Carlisle from Buffalo, NY, in 2008. I was not so happy at first; just because it was hard to leave a place I lived my whole life. Now I think moving was the best thing that's ever happened to me. I love this area, and it is very convenient to live only eight miles away from the Carlisle Fairgrounds, my dad's home away from home.

Some people will always know him as the "Crazy Car Guy," but I know my dad takes pride in his cars. He restores classic cars for himself and other people, along with a car dealership, so luckily he knows what to do exactly if something needs fixed. It's also very handy for me that I will never have to pay for a mechanic! All in all, I am kind of attached to my dad's obsession.

*The owner of Olivia's Corner was also moved by Shannon's story and has provided her with a free manicure, pedicure and special makeup for her celebrity guest appearance.*

## **AUTOTRADER CLASSICS** .....

AutoTraderClassics.com is the best place to fuel your passion for classic cars. With AutoTraderClassics.com, you can search thousands of classic cars from dealerships and private sellers, find a comprehensive inventory of both parts and accessories for maintenance, restoration and even custom builds of classic vehicles and list your classic car for sale to reach over a million shoppers every month. AutoTraderClassics.com also provides enthusiasts with a one-stop shop for resources on how to select, appraise, finance, purchase, transport and maintain the car of your dreams. Plus, there's always in-depth editorial content, classic car photos and information about events across the country. That's AutoTraderClassics.com...the Preferred Collector Car Marketplace of Carlisle Events.

## **GUMOUT** .....

Since 1945, Gumout® Performance Products has been the trusted automotive expert for some of America's finest retailers. Gumout® delivers the technology with products blended specifically to clean, protect, and enhance critical parts of your car. Our products are designed with the expertise of an array of scientists, with years of experience in developing fuel and engine additives for today's drivers and specialized users. Gumout® Fuel Additives, including our Fuel System Cleaners and Fuel Injector Cleaners, remove deposits resulting from low quality gasoline, allowing a vehicle's critical parts to work more efficiently. A number of our products can even prevent future deposit build-up, which helps restore the engine to peak condition and maintain its performance for years to come. With a comprehensive range of product formulations for just about any type of car, truck, diesel or flex-fuel vehicle, we're your one-stop vehicle maintenance supplier. Get the most out of every mile with Gumout.

## **HEACOCK** .....

Have you ever wondered what collector car insurance is all about? It's simple: passion. Heacock Classic

Insurance knows that collector cars receive better care and are driven less than the family vehicle, therefore, classic car insurance rates are lowered. Their goal is to offer a custom, low-cost program designed to fit your needs. Collector car insurance from Heacock Classic provides "Agreed Value" coverage, full coverage during restoration, coverage for modifications, and your right to choose your own repair shop if your car is damaged. You also get to choose zero deductible and automatically get \$50,000 coverage for 30 days when you purchase a new classic car. After you request a quote a status report is usually ready within 24 hours. Then, they will contact you to review it and hopefully activate your new insurance policy. It's simple, easy and the best way to properly protect your investment. Call today at 800-678-5183 or online at [www.HeacockClassic.com](http://www.HeacockClassic.com).

## **MEGUIAR'S** .....

For over 100 years, Meguiar's has shared its passion and pride for the car hobby and for making cars appear "show-car perfect." They provide quality products for every surface of your vehicle — inside and out. Meguiar's Customer Care Center is available six days a week to answer any car care questions you have. Call 800-347-5700 or join the discussion on Facebook or their online discussion forum at [www.meguiarsonline.com](http://www.meguiarsonline.com). "People who love cars love Meguiar's."

## **ROCK AUTO** .....

RockAuto ships thousands of auto parts from over 200 manufacturers to customers on every continent except Antarctica — including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies such as steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop), but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

## SMILE! YOU MAY BE ON CAMERA

When entering the Carlisle Fairgrounds or Carlisle Expo Center, you might notice that filming and photography are going on. By attending any Carlisle Productions event, there is implied consent, and you agree to give Carlisle Productions and authorized filming and/or production companies and/or media outlets the right to film, photograph, record your name, nickname, picture, biographical material, voice and/or likeness and to use in any manner of media in connection with the event or future events and the advertising and promotion thereof.

The same holds true for any vehicle, product or any other item you display or bring to the event. You also agree to the broadcast, production, reproduction, printing, distribution and exhibition of any such photographs and/or recordings of the event, and any programming derived from the event, by any and all means, media, devices, processes and technology now or hereafter known or devised anywhere in the universe at any time in perpetuity as Carlisle Productions or any of these authorized producers, filers, photographers and/or media outlets elect without compensation of any kind to you.

# AN AMERICAN HERO

GUMOUT. A Trustworthy Ally Since WWII.

It all began when Roosevelt promised Churchill wartime equipment under the Lend Lease program in 1941. The United States transported tanks, planes, cars, and trucks to England by ship.

In order to navigate through Nazi U-Boats, the American ships had to zig-zag back and forth, adding weeks to the voyage. Since England had limited supplies of fuel, Uncle Sam shipped the equipment with full tanks.

During the journey, the carburetors were gummed up by vapors. The US enlisted the help of PENRECO in Western Pennsylvania, who provided a solvent to remove the vapor varnish from the equipment. The solvent was called Gumout, and it did exactly that.

And the rest is history.
